Attachments**

The following documents must be uploaded as a bid response in Team Georgia Marketplace prior to the deadline for bid submittals:

a. Invitation to Bid (ITB)/ Request for Quote (RFQ) Bid Form

Contractor must utilize the **Table 12 – Bid Form** provided to indicate pricing to perform the services selected in **Table 12**. Contractors must enter all information directly on **Table 12**. Contractors must enter the value from the "Line Total" column in each corresponding line of the Sourcing Event. A bid must be entered for every line that has an "x" in Table 12 in "number" (two-place decimal), not "currency" or other format unless otherwise stated. That is, omit dollar signs, commas, and any other non-essential symbols. (e.g., \$7.90 should be entered as 7.90) Prices must be in US Dollars. Contractors must enter a price for each line item. Supplier must enter a value of "0" if there is no charge for the item. Cells left blank or cells containing "n/a" to indicate not available will be interpreted as "no offer" and will be cause for rejection of the bid response. The entire ITB/RFQ Bid Form must be completed in its entirety, signed by the Contractor's personnel with the authority to obligate the Contractor and attached to the sourcing event with bid response.

b. Georgia Security and Immigration Compliance Act Affidavit

In addition to initial contract award, the Contractor's continued compliance with the Georgia Security and Immigration Compliance Act will be a factor in the Department's decision to award any bids or multi-year agreements. The Georgia Security and Immigration and Compliance Act (O.C.G.A.) 13-10-91 et seq. requires Contractors to file an affidavit that the Contractor and its subcontractors have registered and participate in a federal work authorization program intended to ensure that only lawful citizens or lawful immigrants are employed by the Contractor or subcontractor. The Department is required to obtain such signed and notarized affidavits from Contractor prior to entering into any public works contract involving the Contractor's physical performance of services within the state of Georgia. A Contractor must attach to the sourcing event the affidavit at the time of bid response to be eligible for bid award.

Registration and participation in the federal work authorization program also extends to the supplier's subcontractors. Therefore, to the extent the supplier's response to the bid also identifies subcontractors; the Contractor's response must also include signed and notarized affidavits from each of the identified subcontractors.

If subcontractors are not identified until after contract award, the Contractor is required to identify the subcontractors to the state entity no later than five business days from the date the supplier enters into the agreement with the subcontractor but prior to any work being performed by the subcontractor. In addition to notifying the Department of the subcontractor(s), the supplier must also submit a signed and notarized affidavit from the subcontractor(s). Contractors should note the Contractor must obtain the Department's approval prior to introducing new subcontractors.
